

Name: _____

Long Division Practice: 4x4

Directions: Use long division to solve each of the following. Be sure to include the value of the remainder, even if it is zero.

$$3 \overline{) 2,959}$$

$$8 \overline{) 48,669}$$

$$19 \overline{) 82,177}$$

$$73 \overline{) 96,233}$$

ANSWER KEY

$$\begin{array}{r} 986 \text{ R1} \\ 3 \overline{) 2,959} \end{array}$$

$$\begin{array}{r} 6,083 \text{ R5} \\ 8 \overline{) 48,669} \end{array}$$

$$\begin{array}{r} 4,325 \text{ R2} \\ 19 \overline{) 82,177} \end{array}$$

$$\begin{array}{r} 1,318 \text{ R19} \\ 73 \overline{) 96,233} \end{array}$$
